The JESSAMINE GARDENS

JAN 8 1901

CONTRACTS FOR THE SEASON OF 1901

FANCY-LEAVED CALADIUMS.

A fine collection of twenty named sorts, including the fine old varieties and many choice new seedlings. Stock is carefully cured, sound and plump.

Bulbs 3-4 to 1 inch inclusive in diameter, \$3.25 per 100; \$27 per 1,000. Bulbs over 1 inch, to and including 2 inches in diameter, \$4.50 per 100; \$40 per 1,000. Lots of 5,000 at \$20 and \$35 per 1,000, respectively.

QUEEN LILY.

Fine blooming bulbs, \$25 per 1,000.

PHRYNIUM VARIEGATUM.

Tubers ranging in size from 1-2 to 1 1-2 ounces in weight, \$20 per 1,000. Lots of 5,000 at \$15 per 1,000.

ORANGES AND LEMONS.

Finest edible and decorative sorts, budded on Trifoliata stocks, especially adapting them to pot or tub culture. Valuable novelty. \$20 per 100; \$180 per 1,000.

AFRICAN HORNED CUCUMBER.

\$3.25 per pound. Five-pound lots at \$2.50 per pound.

COSMOS KLONDYKE.

Grown from seed especially selected for dwarf and early-blooming qualities of parent plants. \$6 per pound. Five-pound lots at \$5 per pound.

The above are our leading specialties and we are prepared to get up large quantities of stock. Of the Fancy-leaved Caladiums we are the largest growers in the world and will be glad to hear from parties wanting a large number of bulbs. For lots of 25,000, 50,000 or 100,000 bulbs, of both the Caladiums and Phryniums, we can make especially attractive figures.

Early orders solicited.

Respectfully,

THE JESSAMINE GARDENS,

February 1st, 1901.

JESSAMINE, FLORIDA.
